

Title	Communication type	Author
Effects of Liquefied Petroleum Gas inhalation for recreation - A Case Report	Accepted	Sindhu J
Echocardiographic assessment of changes in Sepsis induced Left Ventricular Dysfunction in patients with early septic shock—an observational study in a tertiary care hospital in Bengaluru	Accepted	RAJESHWARI T N
Transbulbar Ultrasound of Optic Nerve Sheath Diameter in Critically Ill Indian Children with and without Raised Intracranial Pressure	Accepted	Ankitha Ravishankar
A Study of Compliance and Barriers in Prevention of Healthcare Associated Infections in a Tertiary Care Hospital from North India	Accepted	Shruti Sharma
Effect of different resuscitation fluids in patients with sepsis: a systematic review and network meta-analysis	Accepted	Wenxiong Li
Evaluation of efficacy of ultrasound guided erector spinae block for post operative analgesia in patients undergoing laproscopic cholecystectomy	Accepted	Jawahar Singh
Incidence And Impact Of Acute Coronary Syndrome In Patients With Sepsis Admitted To A Tertiary Care Unit - A Prospective Observational Study	Accepted	Gururaj Gunda
Tranexamic acid in pediatric traumatic brain injury: A multicenter retrospective observational study	Accepted	shu utsumi
Urinary NGAL as a predictive biomarker for detection of AKI in sepsis patients	Accepted	Bhaskar Murthy V
Psychological symptoms, quality of life and dyadic relations in family members of intensive care survivors: a multicentre, prospective longitudinal cohort study	Accepted	Sumeet Rai
Artificial- Intelligence (AI) Based Identification of Early Warning Sign (EWS) in Oncology Patients Admitted in Ward – Experience of a Tertiary Care Cancer Hospital from Eastern India	Accepted	Sudipta Mukherjee
Clinical profile, Genotyping and outcomes of CRE infections in critically ill	Accepted	Rc Ananth
Comparison of bacterial isolates in patients with exacerbation of COPD with LRTI, COPD with Pneumonia and community-acquired pneumonia at a tertiary care hospital of North India: Observational Descriptive Study	Accepted	Prasad Dahal Sharad
Extracorporeal Membrane oxygenation for ARDS with RV Dysfunction in a patient with Unilateral Agenesis of Right Pulmonary Artery. A case report	Accepted	Sricharan Goda
Looking Beyond Horizon- Sudden Thrombotic Events In Young Linked With Hyperhomocysteinemia – A Case Series Analysis	Accepted	PRAKASH JAMMAR
Oral Hygiene and VAP- Is Toothbrush the Magic wand?	Accepted	Roshni Sharma
Randomized clinical trial of VEXUS - guided fluid resuscitation in critically ill patients with sepsis	Accepted	Jochana Sahu
Resistance mechanisms in Carbapenem resistant organisms (CRO) in a tertiary care ICU in New Delhi, India	Accepted	Loni Liriina
“A Prospective Observational study to assess the role of Sonographic Assessment of Fluid Estimate (SAFE) score for the assessment of Intravascular Volume status In Critically ill”	Accepted	BHUVANESWARI RAJA
Analysis of delay in organ retrieval after brain death declaration in a South Indian tertiary care hospital: A Quality Improvement Audit	Accepted	Srikanth E R

Longitudinal Trajectories of Health-Related Quality of Life Among Critical Care Survivors: A Latent Class Growth Approach	Accepted	Jiyeon Kang
Total versus Organ-specific Sequential Organ Failure Assessment score and its relation with futility decision in non-cancer ICU patients	Accepted	ABHISHEK SAMPRATHI
Transdermal Nicotine Replacement Therapy in Critically ill Patients: A Systematic Review and Meta-analysis	Accepted	Puneet Khanna
Ultrasonographic Subcutaneous Oedema Assessment for Cumulative Fluid Balance and ICU outcome- An interim analysis of prospective observational study	Accepted	Parameshwar Sk
"Can software outperform pen and paper?"- Comparing Conventional Insulin Charts v/s Software-Guided Glycemic Control in the ICU	Accepted	Sanjana Anand
A Case Of Diagnostic Dilemma	Accepted	Niharika vykuntam
A prospective comparative study on biapenem and meropenem in the treatment of complicated bacterial infections in critically ill patients in a tertiary hospital	Accepted	Amrita Shah
An ATYPICAL CASE OF RICKETTSIA CONORII INFECTION MANIFESTING AS MENINGITIS, RETINITIS AND CARDIOMYOPATHY	Accepted	Varun MN
An observational cohort study comparing the outcome of High Intensity Non-Invasive Ventilation and Conventional Non-Invasive Ventilation in Acute exacerbation of COPD	Accepted	Arjun Chandran
Barriers to rehabilitation after critical illness: a survey of multidisciplinary healthcare professionals caring for ICU survivors in an acute care hospital	Accepted	Lakmali Anthony
CONFRONTING THE UNSEEN :Unravelling the complexity of invasive bilateral mucormycosis	Accepted	Fasna Nellikott
Dynamic Needle Tip Positioning Versus Long Axis In-Plane Technique In Success of ultrasound guided radial artery cannulation in patients with shock	Accepted	srinivasan Muthusamy
Emotional Verbatim Responses of Health Care Workers regarding experiences during COVID pandemic: Lessons from past	Accepted	Shruti Sharma
High mortality in acute liver failure associated with acute kidney injury among obstetric patients admitted to intensive care unit	Accepted	Saima Jamal
Incidence of pulmonary complications in Traumatic Brain Injury patients: Lung ultrasound as an additional bedside tool	Accepted	Ambika Khanna
Mechanical power (MP) as a predictor of outcome in patients with moderate to severe traumatic brain injury (TBI): a prospective observational study	Accepted	Neeraj Kumar
Pandora species Sepsis : A Case Series	Accepted	Minu K Sasikumar
Perception of Families and Caregivers of Patients with Substance Use Disorder in the Intensive Care Unit: A Qualitative Analysis	Accepted	Rubina Khullar Mahajan
Prospective evaluation of the utility of the Lung ultrasound score (LUS) and P/F ratio in febrile neutropenic patients with Pneumonia	Accepted	Neeraj Pal Singh
Role of extracorporeal liver support in management of severe dengue in paediatric critical care unit	Accepted	Ballal Milind

Serial assessment of diastolic function in predicting mortality in intensive care unit in patients with Septic shock	Accepted	Dr Mohammad Abbas
Use of Airway Pressure Release Ventilation as rescue therapy in Acute Respiratory Distress Syndrome	Accepted	Devika Chennakeshava
Title: "Navigating the Storm: A Case Presentation on Veno-Arterial Extracorporeal Membrane Oxygenation (VA-ECMO)"	Accepted	JOGENDRA SINGH
" Be aware and beware ": Case series of Secondary Haemophagocytic Lymphohistiocytosis Syndrome (sHLH) in a tertiary care ICU	Accepted	Sapthami Gowda S
""Back from the brink of despair, in the nick of time""- A rare case of GPA associated DAH	Accepted	yash jain
"Unveiling Rarity : A Unique Case of Pandorea Pneumonia and Ralstonia Bacteremia in an End Stage Chronic Kidney Disease Patient"	Accepted	Prem Prakeerth P
1st report of Aspergillus tamarii producing Influenza associated Invasive Pulmonary Aspergillosis	Accepted	Monalisa Sahu
A prospective study of the anticipated complications of the arterial line in a tertiary level intensive care unit	Accepted	Manu Varma Mk
Adenovirus in PICU: Clinical profile, management and outcomes	Accepted	Swetha Mangalagiri
Alpha-1-antitrypsin level as a predictor of acute exacerbations in chronic obstructive pulmonary disease: a prospective observational study	Accepted	A K Rayees
Beyond the Barrier : Unveiling the impact of Angioinvasive Bacterial Meningitis	Accepted	SHWETA P RAJAN
Case Report of Transient Post-Transplant Diabetes Insipidus in Living-Donor Liver Transplant recipient	Accepted	Vinay K
Cock(enc)roaching : A case report of pulmonary Lophomonas blattarum in post renal transplant patient	Accepted	Jyothi Reshma S
COMPARISON OF CHIBA SCORE WITH MELD-Na, MESO INDEX AS A PREDICTOR OF MORTALITY IN ACUTE DECOMPENSATED LIVER DISEASE	Accepted	Manjunath G
Correlation of c – reactive protein with clinical outcome in patients with sepsis admitted to intensive care unit	Accepted	chandan Kumar
Correlation of mechanical power with duration of mechanical ventilation in critically ill patients with respiratory failure – A prospective observational study	Accepted	RajeshKannan Varadharajan
Effect of Zinc Deficiency on ICU Outcomes in Critically Ill Patients	Accepted	Pradeepkumar Suruli
From Injection to Infection, Unmasking the Deadly Journey of Mucor post-IM Shots	Accepted	SS Aaron Jones Gifty
Immunomodulation in complicated Dengue patients: an observational study	Accepted	ritesh chandra
Investigation of an outbreak in a resource limited setting – Burkholderia cepacia Blood stream infection in an oncology unit	Accepted	Lisha Pallivalappil
Kinetic GFR in AKI in ICU (KIA) study	Accepted	Venkat Raman Kola
Localised Tetanus : early diagnosis makes a difference	Accepted	Pallab chakraborty

Mysterious Myositis - Nightmare for the clinician : A case report	Accepted	Geetha Priyadharsini Subramanian
Prolonged Apnea Test During Brain Death Examination in Case of Traumatic Brain Injury with Intracranial Hemorrhage-Case Report	Accepted	atul sangale
STOP-BANG! Does it help??	Accepted	Niranjan Ramesh
To Evaluate the Proportion of Critically Ill Patients with Deranged Coagulation Profile Developing Deep Vein Thrombosis (DVT) – A Multicenter, Prospective, Observational Study	Accepted	Pallavi S
UNUSUAL NODULAR CARDIAC INVOLVEMENT with MULTI-DRUG Resistant PULMONARY TUBERCULOSIS	Accepted	PRITHVI RAJ GAURI
Unveiling the Complexity of Macrophage Activation Syndrome: A Case Series	Accepted	SUCHANAA ROY
A rare case of Listeria rhombencephalitis with infratentorial brain and spinal cord abscesses mimicking central nervous system idiopathic demyelinating disease	Accepted	Adithya S Chiranjeevi
AORTIC DISSECTION with ISCHAEMIC STROKE - A CASE REPORT	Accepted	AMOGH M
Atypical Guillain-Barré Syndrome Complicating West Nile Virus Infection: A Case Report	Accepted	RAMSEENA IBRAHIM
A Case Report: Absence of sepsis indicated despite a significant rise in procalcitonin levels following anti-thymocyte globulin administration in pre-renal transplantation patients	Accepted	Marutheesh M
A Rare Case of cabergoline-induced reversible cerebral vasoconstriction and PCA Stroke	Accepted	Mirza Alamdar Ali Baig
A RARE INTRACARDIAC TUMOR MIMICKING PULMONARY THROMBOEMBOLISM WITH A GOOD SURGICAL OUTCOME – A Case Report	Accepted	Dhanesh Sukumaran
Caesarean section in ICU : Was it really a need?	Accepted	Tasha Purohit
Chordoma - Challenges in ICU	Accepted	POORVA MORE
Dengue Encephalitis - An Unusual Case Series	Accepted	Nupur B Patel
Diaphragmatic-excursion to predict non-invasive-ventilation success in chronic-obstructive-pulmonary-disease with acute type-2 respiratory failure	Accepted	AJAY KRISHNAN
Echocardiography: Bridging Gaps in Resource-Constrained Settings	Accepted	Prashant Bhattad
Effect Of Early Vs Late Intubation On Outcomes In Critically Ill Patients With Covid-19- A Protocolised Approach	Accepted	Akhilesh V U
Efficacy of diaphragmatic tissue doppler imaging parameters in predicting weaning outcomes in critically ill adults	Accepted	Rakupathy Shanmugam
Factors associated with failure of Non-invasive ventilation in Chronic obstructive pulmonary disease with type 2 respiratory failure	Accepted	Mala Maliakal
FEBRILE STUDY: Study of fever trends / patterns / etiologies in a Level III Polytrauma & Neurology ICU in a tertiary care hospital in Hyderabad, Telangana	Accepted	prathiksha rao
Intracranial Haemorrhage post successful Percutaneous Coronary Intervention: A rare complication	Accepted	Pallavi Singh
Neuropsychiatric Systemic Lupus Erythematosus (NPSLE) in critical care settings: Challenges in diagnosis and management	Accepted	Ujjwal Yadav

Prescribing Norepinephrine in Septic Shock: Influence of Timing, Duration, and Dosage on Mortality Outcomes	Accepted	Salma Bellaftouh
Prevalence of dehydration in adults and older adults with non-diarrheal conditions and clinical recommendations regarding oral rehydration	Accepted	Harshad Malve
Rapid Progressive Fata Acute haemorrhagic leukoencephalitis (AHLE) – our experience and a short review	Accepted	Deepthi Peter
Stratification of Prognostic Severity Score for Septic Shock in the Emergency Room	Accepted	Alisher Sharipov
A case report of A/c ischemic stroke due to Heparin Induced Thrombocytopenia(HIT)	Accepted	Aadil Abdul Kareem
Cardiac Toxicity from Ingestion of Buddha's Tree (Cerebera odollam) Fruit Kernel	Accepted	A K Rayees
Diaphragmatic Thickness Fraction (DTF) and weaning from mechanical ventilation – a prospective study	Accepted	JAG MOHAN KUMAR
Impact of improved decision-making process in intensive care units on nurses: A single-center before-and-after study	Accepted	Yoshihiko Takahashi
Masseter Muscle Spasm in a Coagulopathic with Upper Gastrointestinal Bleed	Accepted	Minu K Sasikumar
Multiorgan Dysfunction Following Gloriosa Superba Poisoning: A Case Report	Accepted	Kasun Sankalpa Vithanage
A case of Takotsubo cardiomyopathy in a deliberate self harm with carbamate weedicide poisoning	Accepted	Dhinesh Kumar
Challenges in providing service for children with congenital heart diseases in low setup PICUs Six years' experience in Sudan cardiac surgery and catheters intervention camps	Accepted	OSAMA ALGIBALI
Characteristics and outcome of ICU patients with Community acquired sepsis – Retrospective Observational study	Accepted	D Srikanth
Coexisting Neuropathy,Inflammatory myositis and Myasthenia gravis as an adverse effect of Immunotherapy	Accepted	Anusha Ramadoss
Diagnostic and management challenges – Neurobehcet disease (NBD) with Multiple cerebral aneurysmal SAH – long marathon run	Accepted	Naveen S
Euglycemic DKA secondary to SGLT2 inhibitors in the post operative period	Accepted	Akash Golani
Gabapentin induced myoclonus and encephalopathy - A Case Report	Accepted	Parvathy R S
Incidental finding of missing v-p shunt in a patient presenting with meningitis	Accepted	Naveen kumar k r
Novel treatment of apixaban induced intra cranial hemorrhage- a case report	Accepted	MUKESH KUMAR VANAPALLI
Rare case of PRES after elective aneurysmal clipping surgery	Accepted	Madhu M M
Reversible corpus callosum lesion in a typhoid infection: rare presentation	Accepted	Hari Naveen Ashok Kumar
Rx Roulette, The Hidden Hazard of Hydration and Hormone	Accepted	SS Aaron Jones Gifty
To evaluate the outcomes of very elderly intensive care patients (VIPs) admitted to intensive care unit over a one-year period	Accepted	Singh Mahay Harjit

West nile encephalitis with bilateral thalamic involvement in young male	Accepted	SHAHANA MP
Comparison of lactate clearance with and without administration of magnesium sulphate in acute phase of sepsis, a randomised clinical trial	Accepted	Srinidhi Srikanth
Connecting the Dots: Using Improvement Model Strategies to overcome challenges across continuum of care	Accepted	Nirmala Chengalroyen
How much is too much ??? Fluid responsiveness among septic shock patients in ICU	Accepted	Dr Monisha Gopal
Management of aluminium phosphide poisoning: A ray of hope	Accepted	Prateek Ahuja
A case of a young male with Arrhythmogenic right ventricular dysplasia (ARVD) - Presentation and course during hospital stay	Accepted	Sumiran Bajpe
A case of fatal Sewer gas inhalational injury : MIMICKING ST ELEVATED MYOCARDIAL INFARCTION	Accepted	Prasad Suryawanshi
A novel indication for plasma exchange in acute pancreatitis - two case reports of acute pancreatitis complicated by thrombotic thrombocytopenic purpura	Accepted	Jyothi Reshma S
A rare cause of gastrointestinal bleed in the ICU : Heyde`s Syndrome	Accepted	Sapthami Gowda S
Diffuse Alveolar Hemorrhage In A Case Of Severe Dengue – An Atypical Presentation In A Young Immunocompetent Healthy Individual	Accepted	PRAKASH JAMMAR
Intraoperative ECMO for Complex Airway Cases: A Panacea or Challenge? – A Case series	Accepted	KRISHNA KUMAR
Traditional Indian medicine complicating Acute ischemic stroke	Accepted	R MITHUN
Association and Outcomes Of ‘DELTA Phosphorous ‘ Among critically ill patients :	Accepted	Dr Vanitha N
CORRELATION OF HYPOMAGNESEMIA AND SOFA SCORE IN NEUROCRITICAL PATIENTS ADMITTED TO ICU A Prospective Observational Study	Accepted	RONAK ANKOLEKAR
Hyperglycemia risk evaluation of hydrocortisone intermittent boluses vs continuous infusion in diabetic patients with septic shock : A cohort study	Accepted	Swathy Krishna
Professional quality of Life for Healthcare professionals in ICU	Accepted	Dr Radha M G Rao
Role Of Crp/ D Dimer (Cd) Ratio In Prognostication Of Severe Ards : A Retrospective Analysis Of Covid-19 Ards Patients At A Tertiary Care Center	Accepted	Dr Sabarish P
Role of MDR infection on sepsis in patients supported with V-V ECMO admitted to ICU for severe ARDS COVID related: A retrospective study	Accepted	Laura Pistidda
Spontaneous Splenic Rupture Caused By SCRUB TYPHUS	Accepted	Manoje Thulasiram
A rare case of CNS HLH in a postpartum primi	Accepted	Naina Narayani
A rare case of Dengue Fever Causing Secondary Hemophagocytic Lymphohistiocytosis-A Case Report	Accepted	Lavanya Prabhakaran
Albendazole induced neutropenic sepsis in a patient with hydatid disease	Accepted	M H Manjunath
Case Report on "Survivor of Spontaneous Intracranial Bleed in undiagnosed case of T Cell Acute Leukemoid Leukemia with Blast crisis"	Accepted	Jaydeep Narendrabhai Anadkat

Comparision of early moderate enteral nutrition with conventional nutritional strategies in ventilated patients with shock	Accepted	Kiran R
Hypertriglyceridemia in acute pancreatitis with diabetic ketoacidosis - A case report	Accepted	Thamizharasan Datchinamourthy
Obstructive jaundice Rare presentation of neurofibromatosis	Accepted	SACHIN DEVGUDE
Post-hepatectomy liver failure – a case-based review	Accepted	Akshaya Ramaswami
Snake bite and thrombotic microangiopathy , an intensivist's perspective	Accepted	kiran suresh
Successful Management of secondary HLH with CNS involvement presenting as pyrexia of unknown origin	Accepted	Gousmahammad Myageri
Development of a machine learning predictive model of bloodstream infections in hospitalized patients	Accepted	Greeshma R
"Surviving Thin air: A tale of high altitude induced coronary artery thrombosis & survival on ECMO	Accepted	KRISHNA KUMAR
A Case Report on Traumatic Laryngeal Fracture Coexisting with Bilateral Pneumothorax and Pneumomediastinum"	Accepted	Shivashankar Biradar
Challanges in Managing Difficult Airway in Emergency Hours: Case Series	Accepted	Sunali Gupta
Hidden six in thoracic trauma - A case series	Accepted	Salini Ramakrishnan
Horrible hornet	Accepted	AJITH KUMAR VIVEKANANDHAN
Life or Limb: The Dilemma of Field Amputation	Accepted	Dr Asif Iqbal
Rare traumatic tracheobronchial injuries and challenges faced: Case Series	Accepted	Amandeep Kaur
The unexpected diagnosis of an underlying cardiac abnormality in a patient diagnosed with Fat Embolism Syndrome - A case report	Accepted	Javed Anvar Hussain
Atypical Presentation of Diabetic Ketoacidosis: The Non-Anion Gap Variation”?	Accepted	Raghavendra Deshpande
Local Anesthetic CNS Toxicity in Pregnancy - A Case report	Accepted	Amith Sreedharan
A complicated case of Abdominal Compartment Syndrome;management and case review	Accepted	Shantanu Ghosh
Sirolimus induced fatal hypertriglycerdimia presenting as pancreatitis and diabetic ketoacidosis	Accepted	Swetha Mangalagiri
